GERMANY STILL HESITATES ON STRIKING TITANIC BLOW

Allies Still Confidently Await Thrust, Meanwhile Improving Positions.

Enemy Artillery Fire Is Still Violent on Somme Front.

Tons of Bombs Dropped on German Town.

By Associated Press Dispatch.

Delay in the launching of the expected German offensive apparently is giving the allied troops little concern as they improve their positions here and there by strong local attacks.

Whether the Germans are prepared to renew the heavy fighting is not clear, but strangely, they do not react against the Anglo-French tactics.

On the Lys front between Mont Kemmel and the heights of Mont Rouge and Scherpenberg the French have greatly improved their positions in a forward movement along a front of two miles. Not only were important gains made, but more than 400 German prisoners were taken.

The British for their part in the strengthening of the Flanders front carried out an operation last evening in which they cleared up a small German salient that projected into their lines northwest of Merville, near Nieppe Wood. This morning the enemy delivered a sharp counter attack. It was unsuccessful.

Between the Somme and Arras the British are harassing the Germans by rushing their outposts and the French have been successful in similar operations in the region of Rheims. The German artillery fire is especially violent on the sector south of the Somme and north of Bethune, northwest of Arras.

In fighting in the air British aviators have destroyed 27 German machines and driven three others down out of control, as well as burning three balloons. Monday a ton of bombs was dropped on Landeau northwest of Karlsruhe, on the Rhine.

In their raid on London Sunday night the Germans lost five airplanes. Two others are reported to have been brought down at sea.

MEXICO GETS LAMBASTING

Senator Declares Enemy Finds It Place for Conspiracies, and that U. S. Wireless Message Is Caught.

By Associated Press Dispatch.

Washington, May 21.—Mexico was held up in the Senate today by Senator Smith of Michigan, as a hotbed of anarchy and disorder where the "rights of American citizens are trampled on ruthlessly."

"The money of our enemies is at work in Mexico," the senator declared, adding that the country is a hiding place for conspirators.

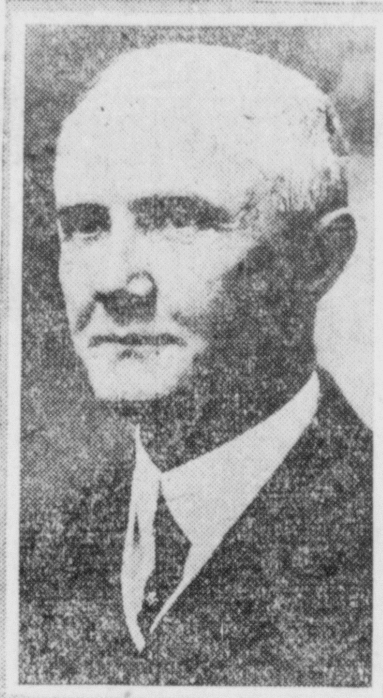

"Every wireless message sent out of the United States is caught," he said, "in Mexico."

FAIRBANKS IS HOLDING OWN

By Associated Press Dispatch.

Indianapolis, Ind., May 21.—Chas. W. Fairbanks, who is critically ill here, continued to hold his own, according to announcement made early today. It was said his physician still hopes for the recovery of the former vice-president of the United States.

ATTORNEY GENERAL TO PROBE AIRCRAFT

ATTORNEY-GENERAL GREGORY

President Wilson has ordered a complete investigation by the Department of Justice of the charges that America's programme of aircraft has fallen down. Attorney-General Gregory will take immediate steps to probe into all the rumors and accusations which have come to the public through the reports of Gutzon Borglum and by means of statements on the floor of the Senate. Criminal conspiracy, graft and profiteering are among the specific accusations which have been hinted at by the Borglum report and by members of the Senate.

U. S. AIRMEN CLOSE SQUEAK

(Associated Press Cable)

With the British Army in France, May 21.—An American aviation captain who has been flying on the British front had a remarkable escape from death recently. He belongs to a Philadelphia family and it is thought perhaps he may be Captain Chas. Biddle, recently reported lost.

This captain attacked a German airplane, was wounded in the leg and his machine plunged hundreds of feet to the ground, when enemy shots wrecked his machinery. Just a moment after he had crawled from his machine a German shell hit it, destroying it completely.

ENTOMBED MEN ARE RECOVERED

By Associated Press Dispatch.

Washington, May 21.—Four of the 14 miners caught behind a wall of fire when the main entry of the Mill Creek Cannel Coal Mining Company's mine at Villa, W. Va., burst into flames yesterday, were found today by a searching party who had made their way through an old opening.

The others are believed to have sought safety far back in the mine, and every effort is being made to reach them.

ARTILLERY BUSY ON U. S. FRONT

(By Associated Press Cable)

With the American Army in France, May 21.—The following official statement was issued at the American headquarters at nine o'clock tonight: "Except for activity by the artillery on both sides in various sectors there is nothing to report."

It adds it has been determined that Major Lufberry was shot down by a German two-seater airplane.

HUN PLANE HAS ARMOR

By Associated Press Dispatch.

WASHINGTON, MAY 21.—REPORTS THAT A NEW TYPE OF GERMAN AIRPLANE ARMORED SUFFICIENTLY TO PROTECT ITS ENGINES AND CREW FROM MACHINE GUN FIRE CAUSED THE DEATH OF MAJOR LUFBERRY, THE AMERICAN FLYING ACE, AROUSED WIDE INTEREST HERE ALTHOUGH NO OFFICIAL ADVICES CONFIRMING THE STATEMENT HAD BEEN RECEIVED.

93 BODIES RECOVERED

By Associated Press Dispatch.

Pittsburg, May 21.—Two more bodies were today found in the ruins of the explosive plant, of the Aetna Chemical Company at Oakdale. This makes a total of 93 dead, of which 48 have been identified.

DUTCH VESSELS ARE TIED UP

By Associated Press Dispatch.

The Hague, May 21.—The Dutch government has prohibited the sailing of all Dutch steamships from Dutch ports. Sailing vessels and fishing craft are exempted from the ruling.

JUNE FIFTH IS DATE FIXED

By Associated Press Dispatch.

Washington, May 21.—President Wilson in a proclamation published today formally fixed June 5th as the date of registration under the selective draft for all youths attaining the age of 21 years since the first registration day, June 5, 1917.

BRITISH LOSSES REACH 36,677

(By Associated Press Cable)

London, May 21.—British casualties to the number of 36,677 have been reported in the week ending today. 4,148 were killed or died of wounds. 32,549 are wounded or missing.

ALL IS QUIET ON THE EMERALD ISLE

(Associated Press Cable)

London, May 21.—A total absence of excitement in Dublin is reported in all the dispatches today from the Irish capital, and so far as known there has been no untoward incidents in connection with the Sinn Fein arrests in the country.

UNUSUAL DISEASE IS KILLING CATTLE

(Associated Press Correspondence)

Johannesburg, May 18.—A mysterious cattle disease resembling paralysis is causing large losses to Transvaal farmers. The disease is believed to be connected in some way with an outbreak of infantile paralysis or poliomyelitis among human beings in the same districts.

GERMANS AND IRISH IN U. S. IN HUGE PLOT

Irish Uprising Timed to Occur When Huns Had Taken Channel Ports, 'Tis Charged.

Germany Was to Have Financed Uprising Just Nipped in Bud.

By Associated Press Dispatch.

Washington, May 21.—Evidence of plotting between German and Irish agents in this country for an uprising in Ireland has been uncovered by United States government agents and is partly responsible for the recent arrest of Irish leaders.

The uprising was set for about this time when the Germans had planned to reach the channel ports, after their great drive in France and it was believed England could be thrown into confusion by German victories.

This evidence may be made public soon, and it is understood to show definitely that Irish leaders, mainly Sean Fein sympathizers in the United States have been in touch with German representatives who agreed to furnish money to finance a rebellion in Ireland and possibly to send arms and ammunition to Ireland by submarines or blockade runners.

BRITISH WAR BREAD FOUND BETTER THAN WHITE BREAD

London, May 15.—(Associated Press Correspondence)—The British "war bread" has been vindictive and endorsed by a committee of scientists and the series of tests conducted in the laboratories of Cambridge, Glasgow and London universities and in a number of factories and hospitals.

The committee finds that bread composed of whole wheat flour mixed with 20 percent of other cereals is not only suited to all ages and digestions, but also "gives a higher percentage of energy."

The loaves used in the experiments were baked from flour milled under the personal supervision of A. E. Humphries, President of the National Association of British and Irish Millers. No precaution was omitted to make the experiments complete, and every result was worked out in a series of tables.

At one factory in Yorkshire, the tests were applied to a group of 20 men, nine women and two children. It was their sole bread supply for a period of two months and they were under medical super-

PRIVATE YACHTS TO BE DEPRIVED

By Associated Press Dispatch.

Washington, May 21.—Prohibition of the use of fuel oil for private yachts for the duration of the war seems probable and is now under serious consideration by the Fuel Administration.

NEW RUSSIAN MINISTER NAMED

(Associated Press Cable)

Amsterdam, May 21.—M. Karakhan has been appointed to succeed M. Tchitcherin as Bolshevik foreign minister, according to a dispatch from Kiev.

NEW TYPE HUN PLANES FOUND

By Associated Press Dispatch.

London, May 21.—Two German planes of a new and large type which were forced to come down in the North Sea were rescued by Swedish steamers, telegraphs the correspondent at Copenhagen of the Exchange Telegraph Co.

These presumably are the machines mentioned in the British official report as having been driven into the sea after the raid Sunday.

FINLAND HAS A DICTATOR

Former President of Finnish Diet Chosen and Favors a Monarchical Form of Government.

(By Associated Press Cable)

Stockholm, May 20.—Judge Svinhufvud has been nominated temporary dictator by the Finnish Diet.

Judge Svinhufvud was formerly president of the Finnish Diet, being re-elected to that office on four occasions. In 1919 he defied the Russian government and refused to submit to the Finnish Diet two imperial measures. He was removed from the presidency and later was deported to Siberia by the Russian government.

His deportation aroused the Finns who in 1915 demanded his return. He was liberated from imprisonment in 1917.

FAVORS MONARCHY

(Associated Press Cable)

Stockholm, May 21.—A constitutional monarchy is the only form of government for Finland, in the opinion of Judge Svinhufvud, who has been declared temporary dictator by the Finnish Diet.

FOOD CRISIS IN GERMANY

By Associated Press Dispatch.

Washington, May 21.—The food situation in Germany, officials here believe, is the most critical it has ever been.

Information reaching Washington indicates that even the reduced ration plan for June 15th, the country will not have enough food to carry the population through the next harvest and further reductions will have to be made.

CUTTING DOWN THE OVERHEAD

By Associated Press Dispatch.

Washington, May 21.—Consolidation of 37 railroad ticket offices in Chicago, into a single office was approved today by Director General McAdoo.

The saving in rental will be nearly \$200,000 a year.

CASUALTY LIST

Associated Press Dispatch.

Washington, May 21.—The casualty list today contained 41 names. Three were killed in action, and Philip Robertson, of Hamilton, Ohio, died of accident.

SHOWERS OF ROSES FALL FROM THE SKY

Comrades in Air Drop Bunches of Red Roses Upon Grave of Fallen Hero.

America's Foremost "Ace," Major Lufberry, Laid to Rest Among Most Impressive Ceremonies.

(Associated Press Cable)

With the American Army in France, May 20.—Before the body of Major Raoul Lufberry, the great American Ace killed in the air fight on Sunday, was placed in a grave near a certain French village, it lay in state in a room of a small frame building.

Around it were hundreds of wreaths of flowers sent by American comrades, French aviators and by French army corps.

The funeral of Major Lufberry was very impressive. The pallbearers were three American and three French aviators. The procession was led by an American band, a company of American infantry just from the trenches and a company of French infantry. Following were 200 American and French officers.

While the service was being read one American aviator after another planned down from the sky, his motor shut off until he was just overhead. Each threw out great bunches of red roses.

HUNS SEIZE DUTCH SHIP

(By Associated Press Cable)

Amsterdam, May 21.—The Germans have seized and taken to Swinemunde, Prussia, the Dutch ship, Agnetta, which was bound from Stockholm for Rotterdam.

According to the Handelsblad, the German minister at Stockholm refused to supply the steamer with a safe conduct as the German naval staff had decided not to issue any until the conclusion of the negotiations now in progress between the Dutch and German governments.

RAILROAD MAN IS REMOVED

By Associated Press Dispatch.

Washington, May 21.—C. W. Huntington, of New York, has been removed by Director General McAdoo as president of the Virginia Railway for disobedience of the Railroad Administration's order for maintenance and improvement of his road.

J. H. Young, of Norfolk, Va., has been appointed federal director of the road.

MILLION WILL BE REGISTERED

By Associated Press Dispatch.

Washington, May 21.—Estimates today by Major General Crowder, indicate that probably three quarters of a million men will be obtained for the army by the registration on June 5, of all youths who have attained 21 years of age since June 5 last.

Fully a million youths, according to General Crowder's estimate, will be registered. At least one-fourth of them, he thinks, will be exempted on various grounds.

MONEY CONTINUES TO POUR INTO FAYETTE'S WAR CHEST

Generous Response on All Sides Continues Unabated and First Day Nets in Excess of \$50,000.

Believed that Fund Will be Far Above \$75,000 by Late Tonight.

Liberality Demonstrates Beyond All Doubt that No Fayette Countian Wants to be a Slacker

Fayette county's War Chest is filling rapidly, and while only meager reports were available at a late hour Monday night, there was every indication that the first day's work placed more than \$50,000 in the war chest and that by tonight this amount will be augmented by a great deal in excess of \$25,000, so that almost before one can realize the magnitude of the undertaking, the amount will be subscribed, as virtually every person is subscribing on the basis of "1 to 31" or giving one day's pay out of each 31.

"I have come across," This significant message, in white letters on a background of blue and encircled by a band of red with the information "Fayette County Patriotic Service Fund, 1918," now greets one on all sides, coming from lapel buttons which are distributed to those subscribing to the War Chest fund, and after the big canvass is completed and the War Chest filled to overflowing by the loyal citizens who realize the necessity of the step, it will be anything else but an honor to be without one of the badges of honor.

The War Council, main committee, was busy at the War Chest headquarters until a late hour, Monday night, and when adjournment was taken it was announced that partial reports from only eight out of a total of 30 precincts in the county, gave \$33,866

to the War Chest as result of the first day's effort.

Chairman M. S. Daugherty announced himself greatly pleased with the prompt response of the people in general, and the number of persons refusing to give can be counted on one's fingers, it is stated.

Virtually everyone has figured out his or her quota, and is giving accordingly, and in some instances the amount subscribed is in excess of the "1 to 31" basis.

Amounts reported up to Tuesday morning, and which, in most cases, did not include reports from all workers in the respective districts, follow: Jefferson township \$6500; Madison Mills \$4200; Bloomingburg \$3200; Fourth Ward, city \$1500; Second Ward \$3100; First Ward \$8,000; Wayne, east \$5366; Wayne, west \$7700; Marion \$1,000; West Holland \$2300.

In Madison township up to Monday night not a single person approached had declined to give.

Not many miles from this city where a farm is conducted by the feminine owners, \$100 was thought to be about right for them, but they surprised the worker by stating that they had figured up and that their quota was \$161.20. The same conscientious attitude is being manifested in every district in the county.

"I want to be 100 percent American," announced a laborer of this city, who appeared at the War Chest headquarters and subscribed \$12 to be paid monthly. Numerous other incidents of similar nature are coming to light.

Meanwhile the great group of War Chest workers are rapidly covering the county like a blanket, and so few have been the refusals to give and to give in the ratio of 1 to 31 that slackers may well be said not to exist.

Every person who declines to give is reported promptly, so that he may have an opportunity of giving his reasons for not backing such a worthy movement.

A few persons who were approached Monday and declined to give, have found it a mighty hard matter to compromise with their better natures and as a result have called the solicitor or appeared at war chest headquarters and there squared themselves with their conscience and at the same time, with their fellow men.

H. S. ORCHESTRA AIDS IN WAR CHEST DRIVE

The High School Orchestra, an organization under the direction of Miss Mazie Kessler, and management of Mr. Oliver L. Tracey, has been taking an active and inspiring part in the war chest drive of the past two weeks.

The members are full of patriotic zeal and desire to do their part in this critical war time, and have most willingly given up other interests to accompany the speakers and members of the War Work Council to various villages of the county.

The orchestra has been doing splendid work, playing fine concert numbers as well as familiar and popular music and stirring additional patriotism by their spirited playing of patriotic airs.

One of the members, Glenn Boots, has answered the call to the colors, and is in the U. S. Marine Corps at Paris Island Training Camp, South Carolina.

REAL SACRIFICE FOR RED CROSS

The Red Cross is in receipt of a diamond ring from a Fayette county woman who wished to do her bit and make a real sacrifice for humanity, and accompanying the ring was the following letter:

"To The Red Cross—
"In the spirit of love, and sacrifice for our dear, great and noble country, and wishing to be united in the work as well as in the spirit of sacrifice, I present to you for the benefit of our boys (may God bless them) this little diamond, a treasure of my heart. But I love my blessed Father and I do so love the beautiful United States which He has given us, therefore I am proud to sacrifice for either.

"United with you in spirit and effort."

Arrangements are being made to realize the largest amount possible on the ring, and the money will be expended in the great humanitarian work of the Red Cross.

DEATH CLAIMS WASHINGTON'S OLDEST MASON

Mr. Perry Keller, one of Washington's oldest residents and oldest Mason, passed quietly away at the Hodgson Hospital, Tuesday morning at two o'clock, having reached the age of 86 years.

For some time Mr. Keller has been in feeble health and since last week his two sons, Lee, of Sandusky, and Will, of Columbus, have been with him awaiting the eternal summons which would bring to the beloved father release from the infirmities of age.

Mr. Keller was one of the early millwrights of this section and has worthily lived out his four score and more years in this community.

He had been a Mason for 62 years and was devoted to the interests of the order.

The body was removed from the hospital to the Klever undertaking rooms and late this afternoon taken to the home on West Temple street.

Funeral services will be held Thursday at 2:00 p. m., at the Masonic Temple. Burial will be made in the Washington cemetery.

NEW HOLLAND AND PERRY TOWNSHIP GO OVER THE TOP

New Holland and Perry Township, in Pickaway county, have completed their War Chest canvass for the Pickaway county war fund, and as usual, have done their part in a way that is attracting widespread attention.

Not only has the district made up of New Holland and Perry township raised the quota assigned—\$6100, but this has been oversubscribed nearly \$10,000, the total fund Tuesday afternoon being reported at near the \$16,000 mark, with every indication that it would reach or pass the amount by Tuesday night when the canvass will be at an end.

Virtually the entire canvass was completed in ten hours time, and this was due to the most efficient work of the organization of which George H. Adkins and Chas. Grimes were the head in the township, and T. C. Gooley in the town.

The subscriptions ranged all the way from \$1 to \$500, and it is announced that there is hardly a slacker in the entire district.

ATTENTION MOTHERS OF GREEN TOWNSHIP

Mrs. Ben Coffey, chairman of Child Welfare in Green township, will have open a room for examination of children in the town hall at Benna Vista, Wednesday afternoon, May 22, and May 29, from 1 to 5. All mothers with children under six years of age are urged to bring them here to be examined and listed for the government. Do not neglect this patriotic duty as it will greatly benefit your child during the coming year. Mrs. Emma Johnson will assist Mrs. Coffey.

YOUR PART IN THIS WAR

Men fighting for you need money. All of us can't fight. Many of us can do more effective work at home. But all of us may back up our fighting men with every cent we can spare.

War Chest Plan

The Fayette County War Chest is a common-sense plan of distributing that money.

You pay to the War Chest a definite amount each month. Everyone does the same—21,000 people here in Fayette county. You fix that amount according to your income—and your conscience.

If all of us pay, there will be a sum sufficient for Fayette county's share, placed in charge of 22 representative men—to whom your contribution will be a sacred trust.

All war needs will be laid before them. They will investigate, and weigh each. They, with all the information before them, can determine intelligently how much each war relief need should have.

They will endeavor to prevent all other solicitation for war relief needs in Fayette county.

With this fund—the War Chest—Fayette county will be able to meet these increasing war needs without waste of your money and time.

ISN'T IT WORTH WHILE?

ANOTHER FAYETTE GIRL DOING "BIT"

Miss Irene Coll, of Milledgeville has received an appointment as clerk-stenographer in the Quartermaster General's office at Washington, D. C.

Miss Coll has been attending school at Kankakee, Ill; and left that city Monday morning for Washington, D. C. to take up her new work.

\$25 FOR KILLING THREE SONGBIRDS

For killing three songbirds—a blue bird, robin and blackbird—R. A. Elmendorf, in Justice T. N. Craig's court, was fined \$25 and the costs—the minimum fine for killing songbirds. The affidavit against Elmendorf was filed by Deputy State Game Warden Frank Hard.

REAL WAR GARDENS IN THE WAR ZONE

It is not generally known, but American troops in France have some real war gardens from which they are now enjoying all of the fresh, crisp garden produce that usually comes at this time of the year, and which adds greatly to their "eats." Major Rell G. Allen, in a recent letter mentions the war gardens.

Every camp has its war garden and this is worked by the soldiers and given the most careful attention.

When a company or battalion moves to another location, they leave their garden undisturbed and take possession of the garden they find at their new quarters. If they have no garden, they speedily get busy preparing one, for the green vegetables are much sought after to relieve the monotony of the regular menus of the army camps.

RODRIGUEZ SUBBING

Joe Rodriguez is the first Cuban player to make good with the Giants. In the absence of Larry Doyle, who is ill, the Cuban has been playing a splendid game at second. The loss of Doyle is felt principally on the offensive, as Rodriguez is rather weak with the stick, albeit his fielding has been brilliant.

Some Lessons Learned

This war is certain to teach the American people—or rather to force practical realization and adoption by the American people—of many great, wholesome truths which have heretofore remained either undiscovered or unheeded. The necessity of war is teaching rapidly and thoroughly many economic reforms. We are learning the value of combined effort in business affairs; we are learning—forced to learn by the stern demand of the time—the way to national effort without infringing the individual rights—we are learning that private greed of the few can be curbed for the protection of the many, because we are doing just that very thing.

Above all, we are learning how immense and how mighty this nation really is, and that's one of the most important things of all.

We are learning that this nation has passed the big boy stage among the nations and is now self-sustaining and independent.

Developments have taught us that we need no longer transport our vast treasures to Europe, to be relabeled and returned to us at an enormous profit to European peoples.

Hereafter America is going to make her own finished products out of the vast treasures of valuable raw materials which are hers. In the future we Americans are not going to turn over our raw materials to the older nations to make up for us into the finished product. We are going to do that work ourselves.

For many years the American people have been content to buy and buy abroad—to employ others to do work for them which could and should be done at home because it was easier.

We have learned that what seems the easier way is not always the easier way, and frequently not the best way. A different America is being refined in war's crucible, an America that will emerge, victorious, understanding, appreciative and confident, just, but self-reliant. The old days of ease and plenty and waste are passed.

The Deceived Irishmen

Great Britain has acted promptly and decisively in dealing with the latest disaffections in Ireland. A number of so-called Irish leaders have been placed under arrest and conveyed to England.

It is not at all likely that the disaffection will result in anything more than a treasonable plot involving widely known Irishmen, who have been misled by German propagandists. Perhaps so ill-advised and hot-headed sympathizers, laboring under a misunderstanding of the Irish problem and a failure to sense the temper of the public, may express themselves too freely and too violently.

That is the unfortunate part of the whole matter. The Germans never expected anything more serious to result from this plotting and counted the lives and the liberties of the misguided ones as nothing if any sort of a disturbance, no matter how inconsequential, could be created.

Great Britain may be trusted to deal calmly and justly with the conditions and to give the accused Irishmen a fair and impartial trial.

The Irish in Ireland and America are doing themselves and their cause and their country an almost irreparable injury by accepting the blood-stained hand of the German war lords. No just cause can bear the taint which even the suspicion of German association will bring without suffering immeasurably in the public esteem of a world which will be all free after the victory is won.

It is inconceivable that any keen-witted, alert Irishman could be led so far astray by a few crudely, dishonest, stolid German underlings.

Politics Forgotten

The willingness with which ex-President Taft, Justice Hughes and other prominent political leaders have responded to the call of President Wilson to assist in the work of the time is glorious and conclusive evidence that politics is being lost sight of in the great patriotic duties of the time.

Opportunity and patriotism sternly refuse to allow political intrigue and the politically ambitious to occupy any considerable part of the public attention.

The nation has had plenty of time for politics, and perhaps we have devoted too much time and energy to politics, in the past. It is certain to have an abundance of time for politics in the future, but right now there are far more important duties pressing forward for solution.

These men who make the mistake of playing politics now soon find that they have few associates and fewer friends and sympathizers among the people.

No higher proof of patriotism and no more sincere desire to help can be furnished than the willingness with which ex-President Taft and Justice Hughes, two former political opponents of President Wilson, candidates for the same high office, have responded to his call for assistance.

Poetry For Today

THE RED CROSS SPIRIT SPEAKS
 I kneel behind the soldier's trench
 I walk with shamblers' sneer and stench
 The dead I mourn.
 I bear the stretcher and I bend
 Over Sammy, Pierre and Jack and mend
 What shells have torn.

I go wherever men may dare,
 I go wherever woman's care
 And love can live.
 Wherever strength and skill can bring
 Succor to human suffering
 Or solace give.

I am your pennies and your pounds;
 I am your bodies on their rounds
 Of pain afar;
 I am you, doing what you would
 If you were only where you could—
 Your avatar.

The cross which on my arm I wear,
 The flag which o'er my breast I bear
 Is but the sign
 Of what you'd sacrifice for him
 Who suffers on the hellish rim
 Of war's red line.

MAN FROM MAJOR ALLEN'S BATTALION GIVES WAR ADDRESS

Corporal Charles E. Morris, who it develops, is from the first battalion of the 166th Infantry—the battalion commanded by Major Rell G. Allen, delivered a forceful war talk in Springfield Monday night, and Mr. W. W. Hamilton of this city was privileged to hear him in his speech before the Rotary Club. Corporal Morris is one of the 50 men sent back by General Pershing to carry a war message to the people.

Regarding the speech the Springfield Sun says:
 "How he broke to his mother his intention to go to France and fight for Uncle Sam was tenderly, affecting to the Rotarians by Corporal Charles E. Morris at their luncheon in the Shawnee hotel yesterday. A moment before his eyes were blazing with wrath. Like a true son of Mars he stood ready to devour his enemies. Indignation seemed to be consuming his very soul. But the word 'mother' made him like a child, tender and caressing.

"Mother, he a soldier. I am going to fight for Uncle Sam. We have loved each other from my birth. You have always been my companion. Now I am going to leave you. But be a soldier, mother. I know it is hard. I know you must suffer terribly but be a soldier, mother.

"The night before I left Youngstown, mother cried. At 2 o'clock in the morning I went into her bedroom. She was still crying. I put my arm around her and said: 'Mother, I must go to war and you must be brave. Many sons are going to be lost, but you can help us win; be brave, mother.'"

"This is the story the young soldier told. He told it after he had in the most vigorous language denounced the Kaiser. He had changed from the avenging agent of outraged humanity to the tender son of a loving American mother instantly. The Rotarians, who a few minutes before had been rollicking like a company of irresponsible boys, paid him the tribute of genuine tears.

MAY PLACE STAFF ON COURTHOUSE

If present plans of the County Commissioners are carried out, the county court house, "after lo, these many years," may bear a flag staff from which Old Glory will proudly wave over the best community over which the starry emblem floats.

At the Monday meeting of the County Commissioners, the matter was brought up by County Commissioner Louis Perrill, and the matter is now under consideration.

The action of the county commissioners in taking the matter up will meet with widespread approval, as the court house—the foremost edifice in the county where the colors should be kept floating at all times—has never had a flag staff, and when it is desired to display the colors, a piece of rough scantling is thrust from the third floor, giving a very awkward appearance generally.

FIRST BATTALION DOESN'T LOSE MAN

The First Battalion of the Old Fourth Regiment, now the 166th, recently returned to camp after their second or third "spell" in the trenches having entered the trenches on Easter Sunday.

This Battalion, commanded by Major Rell G. Allen, of this city, while under fire much of the time, did not lose a man. It is stated in a letter from "over there."

PRESBYTERIANS IN LINE

Union of All Evangelical Protestant Churches Favored.

Columbus, May 21.—Movement, looking to the union of all evangelical Protestant churches, developed before the Presbyterian general assembly here when a special committee on church co-operation and union made its report. Rev. Dr. J. A. Vance, Detroit, and Rev. Dr. W. O. Thompson stirred the assembly to enthusiasm by urging immediate action. Included in the tentative movement's scope are not merely the various divisions of the Presbyterian and Reformed churches, 10 in number, with similar doctrines and governments, but other evangelical churches, Methodist Episcopal, Baptist, Episcopal, Church of Christ, Lutheran, Congregational, Evangelical and others. Resolutions were adopted by the assembly approving steps already taken by the church union committee relative to a world conference on faith and order.

RED CROSS ACTIVITIES

All over the country the Red Cross Drive scheduled for the week of May 20th was heralded in the pulpits of every denomination, Sunday.

The church of Christ is throwing its unanimous support to the Red Cross movement, as a service to humanity which cannot be too highly valued. As a Cincinnati minister of the Christian Church expressed it:

"The Red Cross is one of the highest expressions of Americanism. Through service it demonstrates the high purposes which our leaders have proclaimed as those which prompted us to enter the war. To raise over a hundred million a year and expend them largely in alleviating the sufferings of other nations, is one of the greatest proofs of our national unselfishness. Every red-blooded American will do his best to help our Red Cross to continue to express brotherhood throughout the world."

"Through this great organization we all are privileged to have an active part in the great struggle. We all can't go to the front to fight, but each of us can have a most vital connection with what is going on over there, through our support of the Red Cross."

There will be no individual Red Cross drive in this city because the War Chest drive will also take care of the Red Cross and to many this is the strongest appeal of the War Chest campaign.

Greatly needed as are all branches of war relief work it is the ministering work of the American Red Cross that comes closest to the greatest number of Americans.

New Martinsburg S. S. Makes Gift to Red Cross. The M. E. Sunday School has made the greatly appreciated contribution of \$46.20 to the local Red Cross Work Shop.

All the time that the county has been preparing for the present drive for the money for war work the local work shop has been under heavy expense for materials and not daring to wait till the money came in so urgent was the need of its garments and supplies. Consequently the treasury greatly needs such contributions to tide over until there is an appropriation from the war chest.

Gift From Grade Schools. The local Red Cross is delighted to receive from the grade schools, as the result of the first night's proceeds of the patriotic pageant \$65.07.

WALTER PATTON IS UNDER SHELL FIRE NEAR FRONT LINES

Stands in Doorway of His "Y" and Watches Hundreds of German Shells Hammer Hill 200 Yards Distant—Spends Week With the Boys in Trenches.

Former: Y. M. C. A. Secretary. Walter Patton, is seeing some real warfare in France, and facing just about as many dangers as the soldiers who man the trenches—because part of his work now is in the trenches, and his "Y" occupied recently was liable to be blown up at any time.

In a letter to Russel Dorn, of this city, Mr. Patton writes:

April 20, 1918.

Dear Red:
Received your letter sometime ago, but have been moving around so much it wasn't possible. No I'm "settled" or seem to be, right up under Fritz's nose, where, if he took a notion, he could blow my "Y" off the face of the earth. He has blown up several buildings here—did a job of it just a week before I arrived. But he's been pretty quiet since I've been here.

Was doing real trench work a month ago. Put in a week at it when things were pretty lively. I stood in the windows of our "Y" one morning and watched the old boy putting over hundreds of shells against a hill about 200 yards away. It was sure some sight. Some of them didn't explode very loud when they hit and we thought they were "duds" (that's the word they use for shells that don't explode). We found later that they were gas shells that the Dutch were sending along with their H. E.'s (High Explosives).

The French soldiers don't think much of Fritz's 77's—a shell the size of our three inch shells. They say that they make so much noise coming that you can duck them. The French 75's are about the best artillery on earth. I've seen days when the Dutch seemed to be doing all the shelling. Everybody seemed rather blue and peeved because our artillery didn't answer them. Then along toward evening the 75's would open up and bark back. The French soldiers would grin and exclaim: "Ah! soixante quinze" and seem to feel that everything was all right once more.

We've only a few French with us here and are allowing them the "Y" privileges. They're mighty fine fellows as a rule and the more I get acquainted with them the more I like them. In their time off they make vases of shells and a lot of other things from different war materials. They make very beautiful things for souvenirs of the war. One of them, who plays a violin in our little string orchestra, made me a present of a German helmet yesterday. As I'm not a combatant in this little old war, there's no way I'd rather get one than this, unless it be to get one from an American soldier who has captured it.

I'm glad to hear you're getting along well at the "Y". It seems to me as though this is about circus time and I'm wondering whether you've had one. Write again.

Your friend,
WALTER PATTON,
Secretary Y. M. C. A.,

IS PROMOTED

COMMANDER CARPENTER
Commander A. F. B. Carpenter, who was in command of the Vindictive which led the great raid on Zeebrugge, has been promoted to a captaincy in His Majesty's Navy. The promotion was made because of the daring and the successful execution of the plan entrusted to him.

WILMINGTON PIKE IN BAD CONDITION

Instead of improving since spring, it is apparent that the Wilmington-Sabina pike is growing worse week by week, so drivers who use it report. It is in that worst-of-all conditions—"choppy"—and automobiles, big and little, find travel over it very uncomfortable and unsatisfactory. Trucks and loaded wagons drawn by teams must find the road a very poor one, the users declare.

From Sabina to Reesville and from Sabina east to the Fayette County line, something less than three miles, the road has been kept in pretty good condition, and again this year has been dragged or rolled into fair shape. In some places fresh stone, perfectly prepared for the purpose has been applied to the low places, on the stretch east of the village. Again the users of the inter-county road are voluntarily arising and calling the trustees of Richland Township blessed.—Wilmington News.

FAYETTE BOYS ARE WAXING FAT SAYS SERGEANT M'LEAN

Eating Corn Packed by Circleville Canning Plant—Morale of Army Could Not be Higher, He Declares.

In a letter written to relatives in this city, Sergeant Harold, McLean, Supply Sergeant of M Company, states that the men are in the best of health, and all have gained several pounds.

An interesting part of the letter is reference to the fact that by a peculiar coincidence the Fayette men at the present time are eating corn packed by the Circleville Canning Company.

The "eats" could not well be better, is the declaration of the Sergeant. In the letter, written on April 30, he states that the company has been moved and is now located in a larger town, and that for the first time since his arrival in France, he is actually sleeping on a feather bed.

Referring to the spirit of the men he declares that it could not be better, and that if anyone declares otherwise, it is an absolute falsehood because the men are not only in fighting trim, but have the aggressive spirit necessary, and do not know a thing of being discouraged. They are sure of licking "Fritz" to a standstill and then licking him some more just to give him a little of his own medicine.

FOR ITCHING TORTURE

Use Penetrating, Antiseptic Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

RATS INFESTED FARMER'S WHEAT

That rats are destroying great quantities of wheat was demonstrated last week at the threshing bee conducted by the United States Food Administration in Fairfield county, where the food administration requisitioned nearly 3,000 bushels of wheat from William Doering.

One hundred and forty rats were killed and accounted for by the threshermen. The shed and the barn in which the wheat had been stored was literally honey-combed by the rodents.

Experts have estimated that one rat will consume 40 to 50 pounds of food in a year. It has been figured that it requires the continuous work of about 150,000 men with farms, agricultural implements and other equipment to supply the foodstuffs destroyed annually by rats in the United States. In addition rats destroy other property, mainly of agricultural origin, the production of which requires the work of about 50,000 men.

THIS WOMAN'S HEALTH IS AS GOOD AS EVER

Tells How Tanlac Built Up Her System and Improved Health.

"Tanlac has built me up wonderfully and has been worth more to me than ten times its price," said Mrs. George Gingrich, 1435 Central avenue Cincinnati, Ohio.

"I got so run down before I took Tanlac that I felt weak and nervous and if I did a little extra work I'd get so weak I'd just tremble and would have to sit down and rest. I got thin and didn't have any color at all.

"I didn't have a bit of ambition to do my work or anything else and I just dragged around.

"My appetite was poor too, and I didn't care a bit for anything to eat no matter how good it looked.

"Somebody told me that I ought to try Tanlac and so I did. Tanlac sure has built me up. I'm not so nervous and I look a whole lot healthier now. I don't tire out like I did before.

"My appetite has come back too, and I'm ready to eat most any time.

"I took four bottles of Tanlac in all and it has made me feel as well as I ever did."

Get Tanlac if you feel run down and get it today. You can get Tanlac at Blackmer & Tanquary, Frank Christopher's or C. S. Haver's.

TESTED RECIPES FOR WAR TIMES

Cottage Cheese Sausages
1 tablespoon finely chopped onion; 2 tablespoons savory fat; 13 teaspoon soda; 1/4 cup coarsely chopped peanut meats; 1/2 teaspoon powdered sage; 1/2 teaspoon thyme.
1 tablespoon milk; 1 cup cottage cheese; 1/2 cup cold cooked rice; 1/2 cup wheatless bread crumbs; 1 teaspoon salt; 1/4 teaspoon pepper; 1/4 cup peanut butter.

Cook the onion in the fat until tender but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumbs. Form into flat cakes, dust with bread crumbs of cornmeal and fry a delicate brown in a little fat in a hot frying pan.

Wheatless Bread
1 cup liquid; 4 tablespoons fat; 4 tablespoons syrup; 2 eggs; 6 teaspoons baking powder; 1 teaspoon salt; 2 cups barley flour; 1 cup ground rolled oats.
Add to the liquid the melted fat, syrup and egg. Combine the liquid and well mixed dry ingredients. Bake as a loaf in a moderately hot oven for one hour or until thoroughly baked.

BUCKEYE TROOPS NOW ENTITLED TO GOLDEN CHEVRONS

Ohio Rainbow Reveille Contains Matters of Interest Locally—Bemoans New Order on Sending of Parcels.

From the last issue of the Ohio Rainbow Reveille reaching this city—the issue of April 29th, the following interesting excerpts are taken, which give a peep into army life in France and reflect the spirit of the Fayette county men who will soon have been absent from home for a full year, and already have seen more than six months service in France: Buckeye Men Soon Eligible to

Wear Golden Service Chevron.
Six long months, months of hiking, haymowing and homesickness, spent by Ohio Yanks in overseas service, are soon to reap their reward. The reward is a golden chevron, V-shaped worn on the left cuff, four inches from the bottom of the sleeve. On May first the majority of officers and enlisted men in the first and second battalions of the 166th will round out the first half year on foreign soil, while the MILK battalion becomes eligible seventeen days later. A divisional order, followed by a regi-

mental order and a company list of eligibles is the prerequisite paper procedure.

At first, it was necessary for a soldier to spend six months in the Zone of Advance in order to be awarded the service insignia, but recent modifications grant the chevron to all overseas men after a half year abroad. For those who pass less than six months in the theatre of operations there is another service chevron of blue cloth exactly like the other.

Must Enter Order

Woe is we! Army red-tapery has invaded the sacred domain of parcels from home and hereafter we're S. O. L. on packages of goodies from ma and pa and sweetheart Sue, unless we write home and specifically enter our order. Of course, we're glad to do this for thereby tonnage space will be economized. Here is the official dope:

"Effective April 1, no parcel post will be sent to persons identified with the Amexforce unless the articles offered for mailing have been requested in writing and the request approved by a superior officer. This request must be inclosed with the article in the parcel, which will be opened in New York and the contents verified with the written request." C'est la guerre!

WASHINGTON MAN SPENT FORTUNE IN SEARCH

"I spent \$1,500 in 7 years treating with physicians, some specialists costing me \$10 a visit, only to at last say that nothing could be done for me, that I had cancer or ulcers of the stomach. I suffered awful pains in my stomach, but after taking a few doses of Mayr's Wonderful Remedy these all disappeared and for 3 years am feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary or Frank Christopher. Advt.

Stoops and Kills Wife.

Warren, O., May 21.—Thomas Felles, alleged pro-German, shot and killed his wife while she was placing an American flag in a window of their rooming house here. Felles fired four bullets into her body with a revolver and then made an unsuccessful attempt to kill himself. Physicians say he will recover.

Disloyalty Charge.

Toledo, May 21.—Mayor Duff Hull, Christian Heyn, saloonkeeper, Rev. John Gauss and Dr. J. L. Higbie, all of Jenera, O., were indicted by the federal grand jury on charges of disloyalty. There were four counts against Heyn and Hull and three counts against Higbee and Gauss. John White, justice of the peace in Sandusky county, was indicted charged with violating the espionage act.

Wants Wheat Marketed.

Columbus, May 21.—State Food Administrator Croxton has sent to county food committees lists of farmers in their counties who are known to be hoarding wheat, with instructions to make another appeal to get the wheat to the market. The suspects average more than a dozen to a county. The food administration has inquired into the sales of individual farmers since the last harvest, and compared them with average sales in previous years.

VON BUELOW IS AT HEAD

London, May 21.—Sudden thrusts have been delivered by the allies against German positions on the western front, several of which were successful.

The French have done the most of this work. On the front east and northeast of Loche, on the northern side of the Lys salient in northern France, and just to the west of Kemmel, where some of the more intense fighting of the war has been going on, the French have advanced their line over a two-mile front. Far to the south, near Rheims, the French have advanced into the enemy's positions as far as the third line of trenches. The Australians on the front before Amiens have been active and have improved their positions.

Heavy artillery fighting is reported from several points along the front, it being especially severe near Hangard and south of the Ayre, near Amiens. The Germans also report heavy cannonading in the region of Kemmel.

In the Italian theater of the war the fighting in the mountains east of the Brenia river continues, reports telling of struggles on the slopes of the mountains.

The French troops in Macedonia have taken the offensive near Lake Ochrida and have advanced to a depth of more than 13 miles at some points. The objective of this operation appears to be the straightening of an awkward salient in the line.

A new German army, led by General Von Buelow, is reported to have definitely located in front of Arras. This army is said to be made up of units which were not thrown into the great battles on the Somme and along the Lys, and it is believed that it has been brought up to the Arras front to lead the coming attack on the allied positions at that point. The German reserves are undergoing intensive training far behind the actual fighting front and are expected to reach the front in time for the next smash at the allies.

It is pointed out that the German attack March 21 was timed so that the Germans were able to take advantage of the bright moonlight for several nights. The moon now is just past the phase which signaled the advance from St. Quentin and Cambrai and the long-expected attack may be launched at any time.

200 MISSING

Pittsburgh, May 21.—More than 90 bodies have been taken from the ruins of the Aetna Chemical company's plant at Oakdale, near here, the total representing the "known dead" as a result of the terrific explosion which wrecked the plant last Saturday. Searchers have been working in shifts since the disaster occurred.

Of the total bodies recovered, 43 have been identified, while the remains of the others are charred and blackened beyond recognition. Coroner's deputies hold the hope, however, that many of the unidentified bodies will be claimed later when pieces of clothing and trinkets taken from the dead are recognized.

Compilations show 94 persons in Pittsburgh hospitals, and company officials say that 190 members of the working force of the plant are yet unaccounted for. Federal, state, county and local investigations of the disaster are in progress, but nothing has thus far developed to disclose the cause of the explosion.

REORGANIZES AIR SERVICE

Washington, May 31.—The first act of the president under the new law permitting him to readjust government departments was the complete reorganization of the army air service.

In an order the president directed that the air service be wholly divorced from the signal corps, and also that the functions of producing and operating aircraft of all kinds in the military service be separated.

The order formally creates a bureau of aircraft production, described as an executive agency which "shall exercise full, complete and exclusive jurisdiction and control over the production of airplanes, airplane engines and aircraft equipment for the use of the army, under a director of aircraft production, who shall also be chairman of the aircraft board."

This gives full legal status and power to John D. Ryan, recently appointed director of aircraft production and chairman of the aircraft board, and the order transfers to him all funds, lands, buildings and personnel of the signal corps having to do with aircraft production.

Similarly the position of director of military aeronautics now held by Major General William L. Kenly is formally established and all funds, duties, equipment and personnel of the signal corps connected with the operation of aircraft and balloons and with the training of aviators placed under his direction.

The signal corps reverts to its old functions, having to do only with army signaling and the transmission of military information. Major General George O. Squier, chief signal officer, remains in that post, but without connection with the air service, except that by law, as chief signal officer, he continues as an ex-officio member of the aircraft board.

WOOL PRICES

Washington, May 21.—The war industries board has fixed the price of the 1918 wool clip at the prices established June 30, 1917, at Atlantic seaboard markets on the scoured basis. The government is to have prior rights on the clip for its needs at those prices and the remainder is subject to allocation for other uses under the direction of the board. As the needs of the government require concentration of wool close to points of consumption, distributing centers have been approved at which wool may be distributed only. For fleece wool the centers will be Boston, New York, Philadelphia, Chicago, St. Louis, Detroit, Louisville, Baltimore and Wheeling, W. Va. For territory wool the centers will be Portland, Ore.; Chicago, New York, St. Louis, Boston and Philadelphia. The only exception is that clips of 1,000 pounds or under may be sold by the owner.

Rome, May 21.—The Catholic clergy of the whole world has responded to the pope's appeal, promising to celebrate mass on June 29, the feast of St. Peter, according to the pope's instructions. The pope has issued to the Catholic clergy a special prayer for world peace, to be said on June 20.

Assistant Director of Railways.

Washington, May 21.—Walker D. Hines, chief counsel to Director General McAdoo, was appointed assistant director general of railroads. The appointment is effective immediately.
